Good morning everyone,

I just wanted to confirm that we have Claire, Susan, and Dustan attending the workshop all day for both days next week. We have Christine attending both days, arriving in the mid to late afternoon on day 1. We have Chae attending only on day 1. Claire, Susan, Dustan, and Christine all have single rooms reserved in their names.

Mid-morning on the first day we will be walking through a mock trade that follows our Best Practices as currently written and then breaking into "stakeholder" groups to develop comments on the trading plan. It's our hope that this will be a good way to think about the entire collection of best practices from a variety of perspectives, highlighting those areas that need additional attention. You received the materials, but I have attached them again. To move things along when the time comes, we have split the attendees into groups. Your group assignments are below.

Claire - Environmental advocates
Susan - Regulatory agency
Dustan - Landowner and project developer
Chae - Landowner and project developer
Christine - not attending

We look forward to seeing you on Monday. Have a wonderful holiday!

Best,
Carrie
